P R E S E N T,

The Queen's most Excellent Majesty, Guardian of the Kingdom of Great Britain, and His Majesty's Lieutenant within the same, in Council.

Her Majesty in Council was this Day pleased to order, that the Parliament which stands prorogued to Thursday the 31st of this Instant, should be further prorogued to Tuesday the 14th Day of October next.

Hanover, Aug. 2, N. S. Letters from Vienna of the 23d past gave an Account in general, that a Courier who was dispatched from Constantinople the 6th of last Month, had brought the News of the Defeat of an Army of 80000 Turks by the Persians, in which 60000 Turks were killed or taken Prisoners. Of which Count Kinsky has since received the following Particulars. Thomas Kouli Kan appeared with a Body of about 15000 Men, the 10th of June, in the Plain called Arpa Ciary; upon which the Turkish Seraskier ordered a Body of chosen Horse to attack them; the Persians, after a small Skirmish, retired towards their Camp, which was placed at a certain Distance, on such disadvantageous Ground as might tempt the Enemy to attack it: The Turks advancing thither, the Persians shew'd as if they had not Courage to stand them, and so retreating further, they made towards Erivan. The Seraskier and his Bashaws being encouraged by this feigned Flight, marched after them with the whole Army, till they arrived at a Place where two other Bodies of Persian Troops were laid in Ambush: Here at once the Turks were saluted with a general Discharge of all the Persian Artillery on one Side, while those Bodies of Troops fell upon their Rear to cut off their Retreat; at the same time Thomas Kouli Kan seeing the Enemy brought into the Situation he intended, faced about with the rest of his Troops, and attacked the Turks with such Fury and Success, that he put them to an entire Rout. The Seraskier Kuperli having lost two Horses under him, was seen to fall to the Ground, and it is not known whether he is among the Slain or the Prisoners. Only three Bashaws with a small Number of Troops got away, all the rest (with the Artillery, Tents, Ammunition, and Provisions) were killed or taken by the Persians. On Friday last the Count de Schulenburg, a Colonel in the Imperial Service, being charged on the Part of the Emperress to make her Imperial Majesty's Compliments to the King on his Arrival in these his Dominions, had his Audience of his Majesty. Commodore Matthews, who is come from England, and is going into the Service of the Czarina, was at the same time presented to the King, and had the Honour to kiss his Majesty's Hand; and on Sunday Morning last he set out for Luback, in order to embark on board the Packet Boat, which is to sail from thence for Petersbourg.

Hanover, Aug. 6, N. S. Mess. de Kerfenbruck, Probst, and Hammerstein, who were deputed by the States of the Duchy of Osnabrug to make their Compliments to the King, had their Audience of his Majesty on Sunday last; and the Day following the Count de Steinheim, Privy Counsellor of the Elector of Bavaria, his Aulick Counsellor, and Governour of the Electoral Prince, had likewise an Audience of the King. Yesterday in the Evening M. Azevedo, Minister from the King of Portugal, arrived here from England.
